From the Principal's Desk...

Dear Parents,

Tomorrow is the end of Term 3 and what a busy term it has been!

Thank you to all the families, caregivers and friends who came along to Family Night last week. This was a memorable night for our students and staff who have been working so hard on performances. We are very proud of students for finding their courage to perform in front of such a massive crowd. I would also like to thank families who took the time to complete our school survey. The information gained is to be used to help us determine where we need to prioritise and focus our direction for the future.

Student Free Day- Unpacking the Curriculum.

On Monday staff participated in a variety of training sessions. Reception to Year 6 teachers engaged in Humanities and Social Sciences Curriculum training. They adopted and developed units of work using the new South Australian Curriculum in preparation for implementing next term. We also hosted Health & PE, Technologies and Science curriculum training allowing our specialist teachers to focus on their area of expertise with other specialist teachers from Port Augusta and surrounding towns. The preschool staff focused on reviewing their preschool quality improvement plan and maths program. Ancillary staff engaged in learning more about how to support students with speech and language issues and a variety of trainings relevant to their roles.

World Indigenous Peoples Conference on Education

We are also very excited to share that Michelle Coulthard is representing the South Australian Education Union at the World Indigenous Peoples Conference on Education in Adelaide this week. This is the largest and most diverse Indigenous forum which brings together representatives from across the world to share their stories, successes and plans for culturally grounded education. We look forward to hearing all about Michelle's experience when she returns next term.

NAPLAN Results

Student results were mailed out to all Yr 3 and Yr 5 families last week however further accompanying information will be mailed out to families, please keep an eye out. If you are having problems understanding them or want to seek further clarification, please feel free to make a time to speak with your child's class teacher.

School finishes at 2.10pm tomorrow. We remind students and families to have a wonderful time and keep safe during the holiday break.

School returns Monday 17th October.

Kind regards,

Anna Nayda 😊

How old do you have to be to use Snapchat?

Snapchat's terms of service state that users must be 13 years of age. Users have to enter their birth date to set up an account, but there is no age verification. This makes it easy for children under 13 to sign up. Common Sense Media rates Snapchat OK for teens 16 and up, mainly because there can be exposure to age-inappropriate content and marketing ploys, such as quizzes, that collect data. More information can be found on the eSafetyCommissioner website at: www.esafety.gov.au.
