Aboriginal Voice throughout the school

There are forums that provide opportunities for Aboriginal families to have their voices heard throughout the school. Aboriginal families are active participants of each of these forums, and are widely represented. Such forums include:

- Governing Council
- Parent Advocacy Group (facilitated by ACEO)

In addition, the school encourages parent/family/ community voice through surveys, questionnaires, Facebook polls etc... to ensure that parents and families have the opportunity to feedback to the school community. In 2021, the Aboriginal Education Team, is looking to review the School and Community Partnership Agreement.
